Welcome to Mt. Fuji, a World Heritage site.

To ensure a wonderful summer memory of your visit, please climb safely.

- Temperature and weather conditions on the mountain are prone to rapidly change. Bring both rain and cold weather gear, and avoid climbing in casual clothing.
- Straying from the path is extremely dangerous, and may result in disorientation or rock slides.
- Do not continue hiking if you feel any symptoms of altitude sickness (such as headaches or nausea).
- If you are climbing with a group, be careful not to become separated.
- Only rest in areas that are safe. Do not rest where there are “caution for falling rocks” warnings or in areas where the path is narrow.
- If the sky shows signs of lightning, take refuge in one of the mountain huts and wait until the storm passes before continuing your hike.
- On the descending route, there are no mountain huts after the Yoshida Trail/Subashiri Trail junction.
- Ensure that you carry adequate drinking water for the descent.
- On the descending trail, walk along the outer side of the trail to allow maintenance vehicles to pass and prevent rock slides.
- A Mt. Fuji Preservation Cooperation fee is collected in front of the 5th Station General Management Center and near the 6th Station Safety Guidance Center.
- Take your trash with you when you leave.
- Let’s wear a helmet in case of falls, falling rocks and sudden eruptions.
- * Mt. Fuji is an active volcano. If the eruption alert level is raised while you are going up or down the mountain, start your descent at once. If by any chance an eruption occurs, immediately find refuge in places such as a nearby mountain hut or hiding place and act according to the instructions of officials.

Helmets can be borrowed at the 6th sta. Safety Guidance Center (limited numbers)
Deposit: ¥2,000 ▶ Missed or damaged helmets will forfeit the deposit.

Use of the 7th Station and mountain hut toilets along Yoshida descending route.

*Toilets on the descending trail are located at the Original 8th Station Fujisan Hotel, 7th Station (public toilet), and Mt. Fuji Safety Guidance Center (6th Station).
*Toilet upkeep on the Yoshida Trail is not included in the general Mt. Fuji maintenance budget. Toilets are operated through the goodwill of participants. When using these toilets, please pay ¥200.

*Be respectful and sanitary when using the toilets. The Yoshida Trail toilet is open 24 hours.

It may be hard to find the signboard by fog. Please be careful.
